H2A Wireless Control System

Bluetooth Wireless Mesh Control

Product Specification – TEQ-SB9101EA-5C Receiver

What it is for

Ideal for single colour or colour changing LED strip.

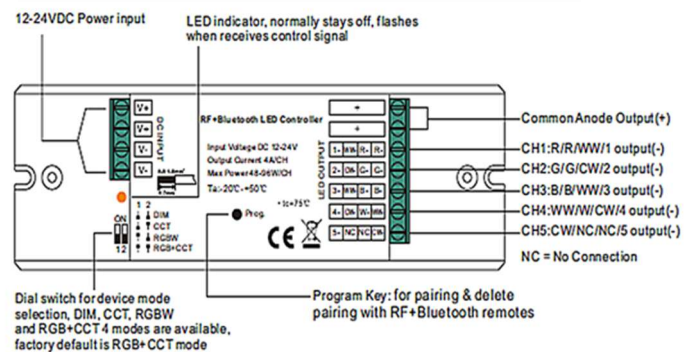

RGB / RGBW / RGB+CCT / CCT

Product Overview

The TEQ-9101EA-5C is a compact Bluetooth Wireless Mesh receiver designed for constant voltage LED applications. It provides reliable wireless dimming and simple commissioning via the H2A system, making it ideal for single colour or colour changing LED strip installations.

Key Features

- 5 channel constant voltage dimming
- Bluetooth Wireless Mesh communication
- Up to 8A load capacity
- App-based commissioning via H2A
- 5-year warranty

Electrical	Power Output	General
Input: 12V / 24V / 36v / 48v DC Output: Constant Voltage Max Load: 5 channels of 4A	12V: 96W per channel 24V: 192W Per channel 36v: 216W Per channel 48v: 192W Per Channel	IP20 170 x 59 x 29mm 5 Years Warranty
